

Wedding Videography Price Sheet

Ceremony Only: \$400

The most important part of the day is obviously the ceremony itself. We'll cover it from start to finish. Multiple cameras used, all shooting in 1080p or 4k. One video will be delivered that has the ceremony in its entirety. Video length will be however long your ceremony is.

Ceremony & More: \$1200

In addition to the full ceremony, we'll include either: A) Getting Ready, or B) First Half Reception. With (B), this usually works out so the video ends after the cake cutting/toasts.

Coverage time is estimated to be around 4 hours.

You will get two videos with this package: a shorter 3-5 minute highlight video and a longer approximately 60 minute full length video.

Ceremony & Reception: \$1800

Starting with the ceremony, we'll keep the cameras rolling right on through the entire reception. From the big entrance to the big exit, it'll all be there!
